*Dear Uncle Dan,
At parent-teacher conference, I
learned that my child isn't
following directions in class.
How can I help?
Jason's Mom*

Dear Jason's Mom,
Follow these easy steps:

1. Ask your child to repeat the directions you give him.
2. Instruct him to practice doing what you ask.
3. Praise his following directions or progress in doing so. Thank your child for coming to the kitchen when you ask, for example.
4. Ask you child's teacher to try these tips, too.
